Please direct questions to the Division of Elections at **850.245.6280**.

Chapter 2 Forms

1. What petition form should be used?

To obtain signatures of registered voters, all candidates,¹ except Presidential candidates, are required to use the current version of **Form [DS-DE 104](#), Candidate Petition**. Presidential candidates are required to use **Form DS-DE [18A](#) or [18B](#)**.

The current version of petition forms are available on the Division of Elections' website at <http://dos.myflorida.com/elections/forms-publications/forms/>

Petitions on previous versions of Form [DS-DE 104](#) are not valid.

A separate petition is required for each candidate.

2. Who is responsible for reproducing the petition form?

Candidates are responsible for reproducing the petition form.

3. Can the petition form be altered?

If reproduced, Form [DS-DE 104](#) must be reproduced in its exact wording and format without any changes in its text or format.

Form [DS-DE 104](#) may be reduced or enlarged proportionally in size as a whole document. The form may not be less than 3 inches by 5 inches and no larger than 8 1/2 inches by 11 inches.

Candidates may use color highlights, circles, X's, arrows, or similar markings that draw attention to items on the form, as well as using cross-outs, line-throughs, or similar markings on items on the form that are not applicable to their candidacy.

The petition form may be included within a larger advertisement, provided the form is clearly defined by a solid or broken border.

Candidates may choose to have petition forms translated into minority languages at their own expense. Petitions may be two-sided with one side in English and the second side in

¹ Municipal candidates may use a different form if provided for by city charter or ordinance.

a minority language. However, regardless of which side is used, the petition may be signed by only one person. If both sides of the form should be completed, the supervisor of elections will check only the English side of the form for signature verification.

4. Is a disclaimer required on a petition?

No. However, if the petition is included as a part of a larger advertisement that meets the definition of a political advertisement, the political advertisement would need a disclaimer. A missing disclaimer on such an advertisement is a violation of [Chapter 106](#), Florida Statutes, but does not affect the validity of the petition.

Chapter 3 Collecting Signatures

1. How many signatures are needed?

Except for special district candidates, the requirement is to obtain signatures equal to 1% of the registered voters in the geographical area for the immediately preceding general election.

- President and U.S. Senate – 119,316 signatures
- Representative in Congress – 2,298 signatures
- State Senator – 1,552 signatures
- State Representative – (see [Appendix D](#))
- Circuit Court Judge, State Attorney and Public Defender – (see [Appendix E](#))
- Special District Candidates – 25 signatures

2. When can a candidate start collecting signatures on petitions?

A candidate can collect signatures as soon as a completed Form [DS-DE 9](#), Appointment of Campaign Treasurer and Designation of Campaign Depository, is filed with the filing officer (see [Appendix F](#)). Petitions signed prior to the date Form [DS-DE 9](#) is filed with the filing officer are not valid.

Exception: Federal and special district candidates are not required to file Form [DS-DE 9](#) prior to collecting signatures. (However, special district candidates must file Form [DS-DE 9](#) if they collect contributions or make expenditures other than the filing fee or signature verification fee.)

3. How long are signed petitions valid?

Signatures for all candidates are valid only for the next qualifying period for that office immediately following the filing of the DS-DE 9.

4. Where can candidates collect signatures on petitions?

Absent a local ordinance, a candidate can collect petition signatures in any public place including government-owned buildings. Section [106.15\(4\)](#), Florida Statutes, is often misconstrued to prohibit collecting petition signatures in a government- owned building. However, this prohibition only applies to soliciting or knowingly accepting contributions. Therefore, soliciting petition signatures would not be prohibited in a government-owned building unless the petition form is part of a larger document that includes a request for a political contribution or unless a local ordinance precludes petition signature gathering in local government-owned or occupied buildings. Section [104.31\(2\)](#), Florida Statutes, prohibits employees of the state or any political subdivision from participating in a political campaign for an elective office while on duty.

Whether a person is prohibited from collecting candidate petitions on private property is not addressed in the Election Code.

NOTE: Section [100.371\(7\)](#), Florida Statutes, is applicable only to collecting petitions for initiative petitions.

Collecting signatures on candidate petitions at a church is not prohibited by the Election Code. However, a candidate should check with the presiding church official. A church's involvement in political campaigns may threaten the loss of the church's IRS tax exempt status.

5. Can a candidate pay someone to collect petitions?

Yes. There is nothing in the Election Code that prohibits a candidate from paying persons to collect petitions. However, if any person is paid to solicit signatures on a petition, an undue burden oath may not subsequently be filed in lieu of paying the fee to have signatures verified for that petition.

If an undue burden oath has been filed and payment is subsequently made to any person to solicit signatures on a petition, the undue burden oath is no longer valid and a fee for all signatures previously submitted to the supervisor of elections, and any that are submitted thereafter, shall be paid by the candidate that submitted the undue burden oath.

If a candidate receives monetary contributions, as defined in Section [106.011](#), Florida Statutes, after the candidate has filed an undue burden oath and subsequently paid a signature gatherer, the monetary contributions must first be used to reimburse the supervisor of elections for any signature verifications fees that were not paid because of the filing of the oath.

6. May a voter revoke his or her signature on a petition after receipt of the petition by the Supervisor of Elections?

No authority exists for a voter who has signed a petition to revoke his or her signature from a public record (the petition) after it has been received by the Supervisor of Elections. Rule [1S-2.045\(4\)\(d\)](#).

Chapter 4 Verifying Petitions

1. Where are petitions submitted?

Signed petition forms are submitted for verification to the [supervisor of elections](#) in the county in which the voter is registered.

It is the responsibility of the candidate to ensure that the signed petition form is properly filed with, or if misfiled, forwarded to the supervisor of elections of the county in which the signee is a registered voter. In the case of a misfiled petition, the filing date of the petition is the date such petition is filed with the proper county.

2. When is the deadline for submitting petitions to the supervisor of elections?

The deadline for submitting candidate petitions is noon of the 28th day preceding the first day of the qualifying period for the office sought. For 2016, these deadlines are:

- **April 4, 2016** –Judicial, State Attorney and Public Defender
- **May 23, 2016** – Federal, State, Multi-County, County, School Board, District, and Special District
- **July 15, 2016** - Presidential

3. Is this petition valid?

- **If a petition is signed and dated before the filing date of Form [DS-DE 9](#)?** A petition signed and dated before the filing date of a completed Form [DS-DE 9](#) is invalid (except for federal candidates and those special district candidates who have not collected contributions and whose only expense is the signature verification fee or filing fee). Form [DS-DE 9](#) is not valid until filed (received) and deemed complete by the qualifying officer. The form is not effective upon mailing.
- **If a petition is missing a required group, seat or district designation?** If a candidate is running for an office that requires a group, seat or district designation the petition must contain the designation or it is invalid. However, in 2016, petitions for the office of U.S. Representative and State Senate need not include a district designation. See Secretary of State Directives [15-01](#) and [15-02](#).

- **If a candidate changes the office that he/she is running for?** If a candidate changes the office that he/she is running for, any previously submitted petitions are not valid for the new office. This would include changing seats, groups or districts.

Example

Changing from Circuit Court Judge, 17th Judicial Circuit, Group 1, to 17th Judicial Circuit, Group 5, will invalidate all previously verified petitions.

- **If a candidate's party affiliation on the petition is not the same as the party affiliation listed on the candidate's Form [DS-DE 9](#)?** The party affiliation listed on the petition must match the party affiliation listed on Form [DS-DE 9](#) or if NPA is listed on the petition, the [DS-DE 9](#) must indicate NPA. If they do not match, the petition is invalid.

The candidate's party affiliation as indicated in his/her registration records is irrelevant and has no bearing on the validity of the petitions. The candidate's voter registration party affiliation does not become an issue until such time as he/she files qualifying documents during the qualifying period.

- **If the petition contains a party affiliation for the candidate on a petition for a nonpartisan office?** The block that indicates "Nonpartisan" on the petition must be checked for a petition for a nonpartisan office. While the candidate may be a member of a party and still run in a nonpartisan race, he/she must collect petitions as a nonpartisan candidate and indicate this on the petition. If the petition indicates that a nonpartisan candidate is running as a party affiliated candidate, it will invalidate the petition.

NOTE: If the petition indicates conflicting or incorrect information regarding the candidate's status as a nonpartisan, no party affiliated, or party affiliated candidate, the petition is invalid.

- **If a petition does not have an original voter's signature?** Rule [1S-2.045\(5\)\(f\)4](#), Florida Administrative Code, provides that the supervisor of elections shall not verify a signature on a candidate petition unless the petition form contains the voter's original, ink signature. Thus, copies of petitions, electronic submission (such as email) or a petition with an electronic signature are not valid.

- **If a petition is signed by a voter who is not registered in the geographical area represented by office being sought?** If a petition is signed by a voter who is not registered in the geographical area represented, it is not valid unless it is a petition for U.S. Representative or State Senate in 2016 signed by a registered Florida voter. .
- **If the voter who signs the petition has a protected address under Florida’s public records law, may the voter write “protected” on the address line of the petition?** No. There is no special consideration given to voters who have **protected addresses** when they sign petition forms. When a person signs a petition, it does not become a public record until it is submitted to the supervisor of elections for signature verification. When a person has a protected address which is exempt from being disclosed under the public records law and someone later requests to inspect (view or copy) the petition in the possession of the supervisor’s office, the address must be redacted to protect unauthorized disclosure of the address. If the person with a protected address wants to sign the petition, the person may elect to place a business address or some other address. If the voter lists an address other than the legal residence where the voter is registered, the supervisor must treat the signature as if the voter had listed the address where the voter is registered (see below).

An address on a petition signed by a voter that is different from the legal residence where the voter is registered is valid. Section [99.097](#), Florida Statutes, and Rule [1S-2.045](#), Florida Administrative Code, provide that if the voter lists an address other than the voter registration address, the supervisor shall treat the signature as if the voter had listed the address where the voter is registered.

Chapter 5 Fees

1. What is the verification fee?

There is a fee of 10 cents per signature or the actual cost of checking such signatures, whichever is less, to be paid to the supervisor of elections for the cost of verifying the signature.

The fees must be paid in advance of verifying the petitions.

2. Who is responsible for the verification fee?

Section [99.097\(4\)](#), Florida Statutes, provides that the supervisor of elections shall be paid in advance by the candidate. Thus, there are three ways to pay for the verification fees:

- The verification fee is paid with a campaign check or the campaign's petty cash;
- The candidate pays the verification fee with personal funds and reports it as an in-kind contribution or is reimbursed by the campaign; or,
- Someone else pays for the verification fees and is reimbursed by the campaign.

Because the statute specifically states that the candidate shall pay the verification fee, ultimately, the candidate is responsible for paying the fee. If someone else pays the verification fee, it is the candidate's responsibility to ensure that the person is reimbursed by the campaign.

3. What is an undue burden oath?

If a candidate cannot pay this fee without imposing an undue burden on the candidate's resources, the candidate may file an undue burden oath (*see* [Appendix G](#)). A statewide candidate may file one original undue burden oath with the Division of Elections. The Division will distribute copies of the oath to all Supervisor of Elections. All other candidates must file an original undue burden oath with each Supervisor of Elections' office where petitions will be submitted.

If any person is paid to solicit signatures on a petition, a candidate may not subsequently file an undue burden oath in lieu of paying the fee to have signatures verified for that petition.

If an undue burden oath has been filed and payment is subsequently made to any person to solicit signatures on a petition, the oath is no longer valid and a fee for all signatures previously submitted to the supervisor of elections and any that are submitted thereafter shall be paid by the candidate who submitted the oath.

If a candidate receives monetary contributions, as defined in Section [106.011](#), Florida Statutes, after the candidate has filed an undue burden oath and subsequently paid a signature gatherer, the monetary contributions must first be used to reimburse the supervisor of elections for any signature verifications fees that were not paid because of the filing of the oath.

Chapter 6 Certification to the Division of Elections

1. Which candidate petitions must be certified to the state?

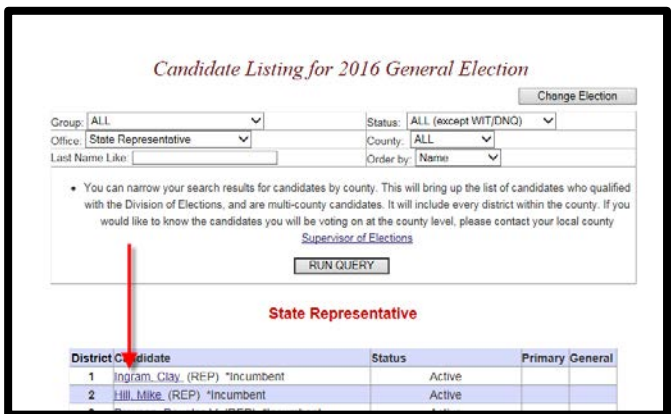

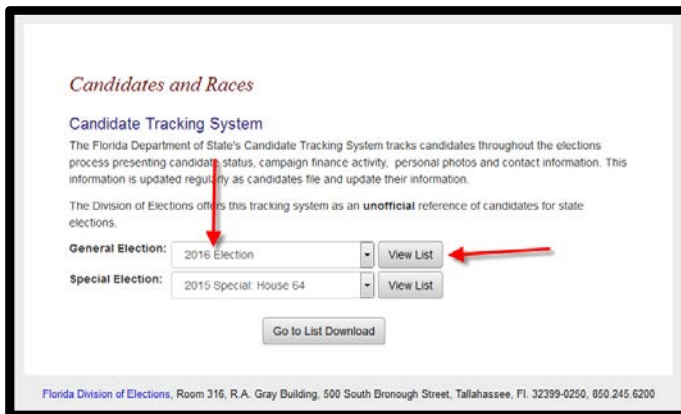

The supervisors of elections must certify the number of verified petitions for the following offices to the Department of State, Division of Elections:

- **Federal**
- **State** (Governor, Cabinet, Circuit Court Judge, State Attorney and Public Defender)
- **Legislative**
- **Multicounty**

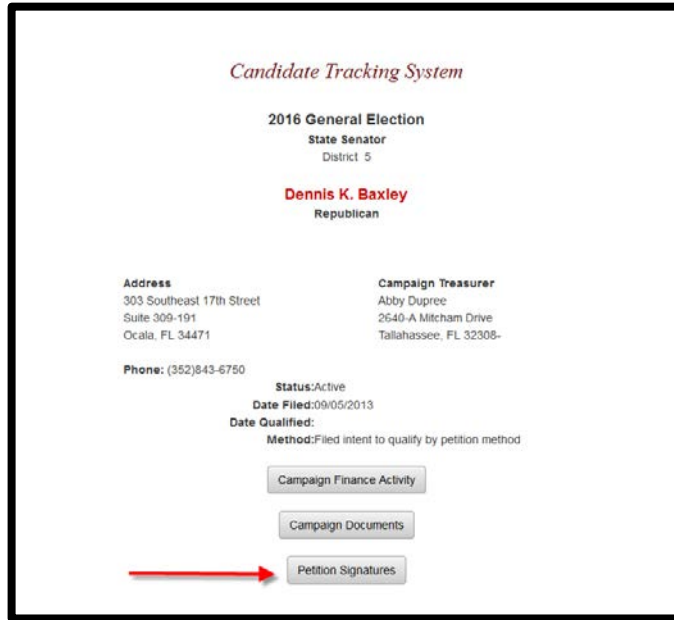

After receipt of the certifications from the supervisors of elections, the Division of Elections will determine whether the required number of signatures has been obtained in order for the name of the candidate to be placed on the ballot and will notify the candidate.

2. How do I confirm the number of signatures certified to the Division of Elections?

To check the number of signatures certified to the Division of Elections from your county, search for the candidate's name on the Candidate Tracking System for the applicable election at this web address: <http://dos.elections.myflorida.com/candidates/>. Click **View List** and then click on the candidate's name.

Click **Petition Signatures** at the bottom of the screen.

NOTE: The Petition Signatures button will **not** appear on a candidate's page if no certifications have been received and processed by the Division of Elections.

This will provide the total required signatures, total verified and the last date petitions were verified from a county to the Division of Elections.

Appendix A

99.095 Petition process in lieu of a qualifying fee and party assessment.—

(1) A person who seeks to qualify as a candidate for any office and who meets the petition requirements of this section is not required to pay the qualifying fee or party assessment required by this chapter.

(2)(a) Except as provided in paragraph (b), a candidate must obtain the number of signatures of voters in the geographical area represented by the office sought equal to at least 1 percent of the total number of registered voters of that geographical area, as shown by the compilation by the department for the immediately preceding general election. Signatures may not be obtained until the candidate has filed the appointment of campaign treasurer and designation of campaign depository pursuant to s. [106.021](#) and are valid only for the qualifying period immediately following such filings.

(b) A candidate for a special district office shall obtain 25 signatures of voters in the geographical area represented by the office sought.

(c) The format of the petition shall be prescribed by the division and shall be used by candidates to reproduce petitions for circulation. If the candidate is running for an office that requires a group or district designation, the petition must indicate that designation and, if it does not, the signatures are not valid. A separate petition is required for each candidate.

(d) In a year of apportionment, any candidate for county or district office seeking ballot position by the petition process may obtain the required number of signatures from any registered voter in the respective county, regardless of district boundaries. The candidate shall obtain at least the number of signatures equal to 1 percent of the total number of registered voters, as shown by a compilation by the department for the immediately preceding general election, divided by the total number of districts of the office involved.

(3) Each petition must be submitted before noon of the 28th day preceding the first day of the qualifying period for the office sought to the supervisor of elections of the county in which such petition was circulated. Each supervisor shall check the signatures on the petitions to verify their status as voters in the county, district, or other geographical area represented by the office sought. No later than the 7th day before the first day of the qualifying period, the supervisor shall certify the number of valid signatures.

(4)(a) Certifications for candidates for federal, state, multi-county district, or multi-county special district office shall be submitted to the division no later than the 7th day before the first day of the qualifying period for the office sought. The division shall determine whether the required number of signatures has been obtained and shall notify the candidate.

(b) For candidates for county, district, or special district office not covered by paragraph (a), the supervisor shall determine whether the required number of signatures has been obtained and shall notify the candidate.

(5) If the required number of signatures has been obtained, the candidate is eligible to qualify pursuant to s. [99.061](#).

Appendix B

99.09651 Signature requirements for ballot position in year of apportionment.—

(1) In a year of apportionment, any candidate for representative to Congress, state Senate, or state House of Representatives seeking ballot position by the petition process prescribed in s. [99.095](#) shall obtain at least the number of signatures equal to one-third of 1 percent of the ideal population for the district of the office being sought.

(2) For the purposes of this section, “ideal population” means the total population of the state based upon the most recent decennial census divided by the number of districts for representative to Congress, state Senate, or state House of Representatives. For the purposes of this section, ideal population shall be calculated as of July 1 of the year prior to apportionment. The ideal population for a state Senate district and a state representative district shall be calculated by dividing the total population of the state by 40 for a state Senate district and by dividing by 120 for a state representative district.

(3) Signatures may be obtained from any registered voter in Florida regardless of party affiliation or district boundaries.

(4) Petitions shall state the name of the office the candidate is seeking, but shall not include a district number.

(5) Except as otherwise provided in this section, all requirements and procedures relating to the petition process shall conform to the requirements and procedures in nonapportionment years.

Appendix C

99.097 Verification of signatures on petitions.—

(1)(a) As determined by each supervisor, based upon local conditions, the checking of names on petitions may be based on the most inexpensive and administratively feasible of either of the following methods of verification:

1. A check of each petition; or

2. A check of a random sample, as provided by the Department of State, of the petitions. The sample must be such that a determination can be made as to whether or not the required number of signatures has been obtained with a reliability of at least 99.5 percent.

(b) Rules and guidelines for petition verification shall be adopted by the Department of State. Rules and guidelines for a random sample method of verification may include a requirement that petitions bear an additional number of names and signatures, not to exceed 15 percent of the names and signatures otherwise required. If the petitions do not meet such criteria or if the petitions are prescribed by s. [100.371](#), the use of the random sample method of verification is not available to supervisors.

(2) When a petitioner submits petitions which contain at least 15 percent more than the required number of signatures, the petitioner may require that the supervisor of elections use the random sampling verification method in certifying the petition.

(3)(a) If all other requirements for the petition are met, a signature on a petition shall be verified and counted as valid for a registered voter if, after comparing the signature on the petition and the signature of the registered voter in the voter registration system, the supervisor is able to determine that the petition signer is the same as the registered voter, even if the name on the petition is not in substantially the same form as in the voter registration system.

(b) In any situation in which this code requires the form of the petition to be prescribed by the division, no signature shall be counted toward the number of signatures required unless it is on a petition form prescribed by the division.

(c) If a voter signs a petition and lists an address other than the legal residence where the voter is registered, the supervisor shall treat the signature as if the voter had listed the address where the voter is registered.

(4) The supervisor shall be paid in advance the sum of 10 cents for each signature checked or the actual cost of checking such signature, whichever is less, by the candidate or, in the case of a petition to have an issue placed on the ballot, by the person or organization submitting the petition. However, if a candidate, person, or organization seeking to have an issue placed upon the ballot cannot pay such charges without imposing an undue burden on personal resources or upon the resources otherwise available to such candidate, person, or organization, such candidate, person, or organization shall, upon written certification of such inability given under oath to the supervisor, be entitled to have the signatures verified at no charge. In the event a candidate, person, or organization submitting a petition to have an issue placed upon the ballot is entitled to have the signatures verified at no charge, the supervisor of elections of each county in which the signatures are verified at no charge shall submit the total number of such signatures checked in the county to the Chief Financial Officer no later than December 1 of the general election year, and the Chief Financial Officer shall

cause such supervisor of elections to be reimbursed from the General Revenue Fund in an amount equal to 10 cents for each name checked or the actual cost of checking such signatures, whichever is less. In no event shall such reimbursement of costs be deemed or applied as extra compensation for the supervisor. Petitions shall be retained by the supervisors for a period of 1 year following the election for which the petitions were circulated.

(5) The results of a verification pursuant to subparagraph (1)(a)2. may be contested in the circuit court by the candidate; an announced opponent; a representative of a designated political committee; or a person, party, or other organization submitting the petition. The contestant shall file a complaint, together with the fees prescribed in chapter 28, with the clerk of the circuit court in the county in which the petition is certified or in Leon County if the petition covers more than one county within 10 days after midnight of the date the petition is certified; and the complaint shall set forth the grounds on which the contestant intends to establish his or her right to require a complete check of the petition pursuant to subparagraph (1)(a)1. In the event the court orders a complete check of the petition and the result is not changed as to the success or lack of success of the petitioner in obtaining the requisite number of valid signatures, then such candidate, unless the candidate has filed the oath stating that he or she is unable to pay such charges; announced opponent; representative of a designated political committee; or party, person, or organization submitting the petition, unless such person or organization has filed the oath stating inability to pay such charges, shall pay to the supervisor of elections of each affected county for the complete check an amount calculated at the rate of 10 cents for each additional signature checked or the actual cost of checking such additional signatures, whichever is less.

(6)(a) If any person is paid to solicit signatures on a petition, an undue burden oath may not subsequently be filed in lieu of paying the fee to have signatures verified for that petition.

(b) If an undue burden oath has been filed and payment is subsequently made to any person to solicit signatures on a petition, the undue burden oath is no longer valid and a fee for all signatures previously submitted to the supervisor of elections and any that are submitted thereafter shall be paid by the candidate, person, or organization that submitted the undue burden oath. If contributions as defined in s. [106.011](#) are received, any monetary contributions must first be used to reimburse the supervisor of elections for any signature verification fees that were not paid because of the filing of an undue burden oath.
